Our Services

The **Early Head Start** Home Based Program helps families provide quality early childhood education to their children through interactive child development activities including:

Weekly Home Visits: Home visitors provide educational experiences with children and parents in the home, 90 minutes per week. Early Head Start supports parents in their roles as their child's first and most important teacher.

Family Events: Parents and children attend these events twice a month. Family Events are a time when parents and children participate in age appropriate child development activities that help children to develop new skills.

Comprehensive Services: Early Head Start provides support to parents and children in the areas of Education, Health, Nutrition, Mental Health, Disabilities and Social Services.

What is the Early Head Start Home Based Program?

The Early Head Start Home Based Program is a comprehensive education program, designed to meet the needs of low income families of children from birth to 36 months. Early Head Start is aimed at enhancing the development of infants and toddlers while strengthening families.

Our mission is:

- To enhance the development of children birth to 36 months and promote school readiness

- To promote healthy parenting and parent self sufficiency

We provide:

- Individualized Lesson Planning

- Health and Nutrition Screenings

- Social Emotional Screening

- Early Intervention Referrals

- Social Services Referrals

- Mental Health Support

- Family Goal Planning

- Parent Education
